

Other projects receiving funding from Investing in Communities today are:-

Organisation	Award	Project summary
Kibble Education and Care Centre	£678,435	This project in Renfrewshire will provide employment to 150 young people aged 16-24 over three years. They will have access to a six month full time paid work placement in the organisations' new social enterprise, the Experience.
Family Mediation South Lanarkshire	£248,297	This project will support children and families experiencing the trauma of family change, in particular parental separation and divorce. It will work with families from Burnbank and East Kilbride Child Contact Centres.
West Fife Enterprise Limited	£900,000	This project will provide training and work experience placements for people in the former coalfield communities of west Fife. It will provide work placements in administration, workshops and IT, and placements with local employers. Through partnership with Fife College it will also offer vocational qualifications.
Glasgow Wood Recycling Project	£426,509	The organisation will employ a further three people and will work with around 150 volunteers over three years on a more structured training programme with half moving on to employment or further training.
Edinburgh Young Carers Project	£712,000	This project will expand and develop support services for young carers. A range of services will be delivered including weekly group sessions, structured play, intensive one to one support and residential breaks.
Forgewood Housing Co-operative Limited	£1,085,000	This group in Motherwell will demolish the existing Forgewood Community Centre and build a new, double storey centre in its place. The aim of the centre is to provide a sustainable, quality facility for the 2,747 residents.
Relationships Scotland - Family Mediation Highland	£315,304	This project will establish three child contact centres in Inverness, Thurso and Fort William. This will help to encourage continuing meaningful relationships between children and non-parents/carers as well as wider family members.
Avenue Confidential	£281,410	This project will enhance services within existing child contact centres across Aberdeen City, Aberdeenshire and Moray. New family support workers will provide an improved service at the beginning of the interventions with the family and will work to establish and maintain contact, reduce conflict and improve family relationships with a contact plan.
Streetwork UK	£742,903	The group will work to support vulnerable young people in Edinburgh. The project will deliver an outreach service to young people not receiving support from any other youth services.
Turning Point Scotland	£742,903	The project will work with people in Renfrewshire and East Dunbartonshire who are experiencing homelessness and who have an active substance misuse and/or mental health problem.
Changing Faces	£350,139	This project working in Edinburgh and Scotland will support up to 1500 children and young people aged 0 to 25 years old who have facial disfigurements and support family members build resilient relationships.
